The policy provides that it is important that future growth takes place in a manner that protects, retains and enhances the rural landscape character and that with this objective expansion of existing settlements must be carefully managed. The proposed huge expansion of the Southwater BUAB fundamentally conflicts with this policy and with the current Southwater Neighbourhood plan and is unsound.

Strategic Policy 2.1 requires development in secondary settlements (eg Southwater) "to be limited in scale to reflect the existing scale and character of the settlement function and form". The plan puts no upper limit on the scale of the expansion ("at least 1000" homes) and hugely expands and elongates the footprint of Southwater village. It is not, as required, "**limited in scale to reflect the existing scale and character of the settlement function and form**". It is far from it, massively expanding and further elongating what is already one of the longest ribbon villages in the South East.

Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified in response to Q3. (Please note that non-compliance with the duty to co-operate is incapable of modification at examination)

You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Please provide a summary of any attachments, such as supplementary evidence, that you have submitted alongside your representation.

***Please note:** In your representation you should provide succinctly all the evidence and supporting information necessary to support your representation and your suggested modification(s). You should not assume that you will have a further opportunity to make submissions.*

After this stage, further submissions may only be made if invited by the independent Inspector, based on the matters and issues they identify for examination.

You must provide an answer to this question.

The proposed expansion of the Southwater BUAB conflicts with the plan policy on development hierarchy and should be rejected in favour of the extended Southwater BUAB contained in the Southwater Neighbourhood plan which already provides for an additional housing allocation of 450 homes and land for a new school (if needed) and is of an appropriate scale as required under Strategic Policy 2

Yet again, HDC has identified Southwater as a convenient dumping ground for huge scale housing development. The once small rural village has been subjected to 40 plus years of continuous large scale housing development and remains a building site with almost 300 homes already approved but still to be built by HDC's favoured developer, Berkeley Homes which in recent years has deliberately slowed build rates and now stopped building to avoid oversupply and protect its profit margins, subjecting the village to even more years of building disruption.

The village footprint has already trebled in size since the mid 1980s and with the proposed extension of the village BUAB in the draft plan will have more than quadrupled. The village has taken more than enough and its voice should be heard.
