Plan Strategic Policy 27 – Health p.94 para 8.32

“The need for a hospital has not been identified as required in this Plan”.

For 24 hour A&E treatment Horsham/Southwater residents have to go either to Redhill or to Worthing hospitals. Which depending on traffic can take from 40 minutes to over an hour. And when patients do get to these hospitals there are most often long delays to be seen/treated. With the scale of the already permitted development yet to be completed, and the huge increase in housebuilding foreseen in the draft plan, more proximate 24 hour hospital facilities are essential.

Furthermore existing GP surgeries and pharmacies are already at operating at overcapacity. Doctor appointment delays of over a month are increasingly common and there are regular long queues at local Pharmacies

The plan is not sound for the district, and in particular for Horsham and Southwater, through its failure to identify the need for additional hospital facilities to cope with existing and what will be much exacerbated future demand from patients.

4)

Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified in response to Q3. (Please note that non-compliance with the duty to co-operate is incapable of modification at examination)

You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Please provide a summary of any attachments, such as supplementary evidence, that you have submitted alongside your representation.

Please note: In your representation you should provide succinctly all the evidence and supporting information necessary to support your representation and your suggested modification(s). You should not assume that you will have a further opportunity to make submissions.

After this stage, further submissions may only be made if invited by the independent Inspector, based on the matters and issues they identify for examination.

You must provide an answer to this question.

The plan should identify the need for new hospital facilities and provide for this to be built and operational before any development on any of the large scale/Strategic sites in the plan is commenced.

5)

If your representation is seeking a modification to the Plan, do you consider it necessary to participate in examination hearing session(s)?

Please note: While this will provide an initial indication of your wish to participate in hearing session(s), you may be asked at a later point to confirm your request to participate.

- NO - I do not wish to participate in hearing session(s).
- YES - I do wish to participate in hearing session(s).

6)

If you wish to participate in the hearing session(s), please outline why you consider this to be necessary.

If you do not wish to participate, please reply 'N/A'.

Please note: The Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate in hearing session(s). You may be asked to confirm your wish to participate when the Inspector has identified the matters and issues for examination.

You must provide an answer to this question.

Like water neutrality this is a very fundamental and critical issue for all residents across the district quite literally a matter of life or death. It cannot simply be swept under the carpet as the plan seeks to do and the views of residents deserve and need to be heard on this issue.

PLEASE DO NOT SUBMIT MULTIPLE COPIES OF THE SAME RESPONSE. IF YOU HAVE COMPLETED THIS ONLINE FORM, THERE IS NO NEED TO SEND A COPY OF THE SAME REPRESENTATION BY EMAIL OR POST.
